

ACLU APP FOR AREA RESTRICTIONS INFORMATION

MAP VIEW

Summary:

Map view gives a the user an overview of the various restriction level of the city. The maps shows streets, building structures and, open field ares. RED denotes a private or closed public area. GREEN denotes a open, public area with restrictions. YELLOW denotes an area in which the status of the area will change in 10 minutes.

Start up action:

On App Start up, the map view is displayed with the current location. The blue "current location" indicator is in the middle of the screen.

Elements:

Search Bar - User can type in an address or area name and the map will move to the entered address.

Re-Center Button - User can touch the center button and the map will recenter to the user's current location.

Restrictions Button - When the user touches the Restrictions button, the Restriction Category page is displayed.

Current Location Indicator - Blue dot in the center of the screen indicates the users current position.

For color blind users - A pattern is layered on top of the red, green, and yellow areas, including the 'restrictions' button.

RESTRICTION CATEGORY PAGE

Summary:

The restriction category page shows the user the categories of restriction to choose from so they can quickly get to the type of activity they wish to engage.

Elements:

Listing - The display will show all the categories of restrictions available for a particular area. The user will click on the desired category and go to details page of that category.

Map View Button - User can click on the map view button to return to the map view.

RESTRICTION CATEGORY DETAIL PAGE

Summary:

The restriction category details page shows the rules and restrictions for the current area, under the activity category selected on the "Restriction Category Page"

Elements:

Listing - All information related to the category for that particular area will be displayed according to restriction type such as Dogs, Sit-Lie, fishing, Park Hours, etc. In the case of multiple rules for different zones within an area, that information will be listed for each zone. (Example: Ala Moana Park may have different rules at the Magic Island Zone vs. Ala Moana Beach Zone)

Categories Back Button - User can click the categories back button at the top left of the page to return to the categories page.

Map View Button - User can click the 'map view' button to go directly to the map view page.
